Supervisors Support Copper Mountain College Foundation

On Tuesday, the Board of Supervisors approved a \$1,000 allocation to contract with the Copper Mountain College (CMC) Foundation to assist in projects that increase the educational opportunities for County residents.

“Education is the key to a successful future and career, and this funding will promote an improved environment for learning,” said Third District Supervisor Dennis Hansberger.

The CMC Foundation has been raising funds to support improvements on the campus, such as landscaping the College’s grounds, expansion of the College’s parking lot with energy efficient lighting, and the purchase of books, periodicals, and media equipment for the campus library.

Third District Supervisor Dennis Hansberger and First District Supervisor Brad Mitzelfelt allocated \$500 each to support the Copper Mountain College Foundation.
